

# 2015 November Housing Statistics

## Rhode Island Housing Sales Stay Strong in November

Sales activity in Rhode Island's single family home market rose for the 12th consecutive month in November. The monthly median sales price also regained its footing after dipping slightly in October. At \$220,000, last month's median price was six percent higher than that of November, 2014.

### SINGLE FAMILY HOMES SOLD

Percent change reflects a year-over-year comparison between November 2014 and November 2015. Information is provided by State-Wide MLS, Inc.
