Information is provided by State-Wide Multiple Listing Service, Inc. Readers are cautioned that the median sales price --- with half the prices higher and half lower --- generally reflects the quality and themix (type and size) of the properties being sold at the time and is not a true measure of individual home value appreciation/depreciation. Also, please note: Statewide data may vary marginally from town bytown data as the latter continues to be updated with later closing transactions after the statewide data is pulled.
